Video explaining the process used to develop the Approved Tool List

Video revealing the Approved Tool List

PURPOSE CATEGORIES DEFINED		
Evaluation		a tool capable of producing a standard score to use for eligibility determination
Family Directed Assessment		a tool that assesses the concerns, resources, priorities, and interests of the family
Ongoing Child Assessment		a tool that measures a child's developmental status across time and developmental domains
Screening		a tool that provides a a brief snapshot of a child's development, in order to determine need for additional assessment
Supplemental		a tool that provides additional information to support decisions about eligibility, developmental status, intervention planning, or family considerations

COLOR CODING DEFINED		
Green	Approved for Use	Sufficient evidence and reasonable fit within the WI Birth to 3 Program
Yellow	Conditional Use	Adequate evidence and fit within the WI Birth to 3 Program, but may have certain conditions that require additional attention for use
Red	Not for Use	Lacking either evidence and/or fit within the WI Birth to 3 Program
